

Talk to a behavioral health specialist from your home

Virtual Behavioral Health Visits for UnitedHealthcare® Group Medicare Advantage members

With Virtual Behavioral Health Visits, you're able to live video chat¹ with a behavioral health specialist from your computer, tablet or smartphone — any time, day or night. Services include initial evaluation, medication management and ongoing counseling. All you need is a strong internet connection. **You will first need to set up an account for a Virtual Behavioral Health Visit and then schedule an appointment.**

Doctor on Demand and AmWell are part of the UnitedHealthcare provider network bringing you this innovative service.²

Answers to some common questions:

How much does it cost?

A Virtual Behavioral Health Visit with a network provider is the same as an individual therapy session in a provider's office.

Who will I be talking to?

You can find a list of participating Virtual Behavioral Health Visit providers by visiting uhcvirtualvisits.com.

How quickly can I get an appointment?

Schedules vary by provider and number of requests. However, you can typically get an appointment within 5 business days.

Can I use it for any behavioral health situation?

Virtual Behavioral Health Visits may be best when you are staying at home or for initial evaluation, medication management and ongoing counseling to treat addiction, depression, trauma, loss, stress or anxiety. You will be advised by the virtual provider if an in-person visit is appropriate. Virtual Behavioral Health Visits are not appropriate for crisis or emergency situations.³

There are 2 ways to access Virtual Behavioral Health Visits
